

REACHReady Gold Subscription at 25% off the regular rate!

How does the Partner Programme work?

REACHReady is available to help members of the Chemicals Northwest (CNW) with REACH, CLP and the BPR – the most complex and cross-cutting chemical regulations ever devised.

CNW members can subscribe to REACHReady's services by emailing enquiries@reachready.co.uk and requesting a CNW REACHReady Gold Partner membership. Once checked and approved by CNW, we will send an email to the applicant to confirm their membership.

REACHReady will then invoice the individual CNW member directly for the appropriate amount and upgrade the member to Gold, at which time the benefits of Gold become available.

REACHReady Gold Subscription benefits:

- **Access to a specialist-staffed Helpdesk, for all your REACH, CLP and BPR queries**
- Use of a member logo on your website/promotional materials
- Up to an hour of free, scheduled telephone consultancy for new subscribers
- Free use of our SVHC Database which will help you find the products and markets in which Candidate List substances are commonly used
- Comprehensive e-mail news alerts
- 20% discount on all REACHReady public seminars, training and workshops
- *REACHReady Review* - our quarterly newsletter
- Access to exclusive online guidance and analysis documents
- Priority use of our Matchmaker service
